

New Orleans Charter Science and Math Charter School School Master Plan for Discipline

Positive Behavior Support

In order to assure classroom management using positive behavioral supports and effective disciplinary tools, NOCSMHS School will identify data-driven academic, career and technical, discipline/behavioral performance results in the School Improvement Plan (SIP).

NOCSMH School will establish and use a school-based leadership team to meet on a regularly scheduled basis to review data and guide the positive behavior process. This leadership team shall, to the extent possible, include representatives of the school administration, both regular and special education teachers, parents, guidance counselors, and school bus operators (It may also include other groups, e.g., food services workers).

The leadership team will use a decision-making process utilizing a data-management system that allows graphical representation of discipline issues. Said data system will permit regular and efficient monitoring and evaluation of the effectiveness of the implementation of a school-wide system of discipline. School data collection shall include, but not be limited to, average referrals per day per month, referrals by problem behavior, referrals by location, referrals by time, referrals by student, referrals by staff, individual student report by month and by year, and referrals by grade level. Environmental changes may be made as indicated by data. For instance, increased monitoring, schedule changes, or changes in recess structure may help to alleviate congestion or over-crowding at certain times during the day.

The team will uniformly use the two BESE-approved forms, i.e., "School Behavior Report Form" and "School Bus Behavior Report Form," to report incidents of alleged discipline violations. The referral system will be utilized consistently and appropriately.

The leadership team will review and revise any Zero Tolerance Policy of NOCSMHS School to ensure that the policy is in compliance with R. S. 17:416.15; the policy does not violate R. S. 17:416 (H) which prohibits disciplinary action against any pupil reasonably acting in self-defense; and that inappropriate referrals are not made to agencies serving children.

The leadership team will review and revise its policies and procedures for handling suspensions and expulsions at NOCSMHS School to ensure that suspension/expulsion policies are consistent with R. S. 17.416; suspension/expulsion policies are consistently and fairly executed; and alternative interventions, consistent with best theory and practice, to suspensions/expulsions are used including, but not be limited to, counseling, conflict resolution, social and family responsibility, peer mediation, and stress and/or anger management.

The leadership team will make referrals, as appropriate, to Alternative Education Programs that are designed to offer variations of traditional instructional programs, as well as strategies for the purpose of increasing the likelihood that students who are unmotivated or unsuccessful in traditional programs, or are disruptive in the traditional school environment, remain in and be successful in school.

The leadership team will review the current Code of Student Conduct of NOCSMHS School to assure that it is in compliance with R.S.17:416.12, R.S. 17:416.13, and all federal regulations. They will refine consequences to create a reward/incentives program for positive student and teacher behavior and ensure the delivery of consistent reinforcement. The team will define consequences for rule violations that are clear, reasonable, and consistently enforced and which support maximum time in instruction.

The leadership team will monitor, evaluate and modify the school master plan, as needed, throughout the school year.
