

Procedure for Parent Board Membership

The procedure for adding parent board members is as follows:

1. Current New Orleans Charter Science and Mathematics High School Head of School may recommend a parent, guardian, or alumni for consideration.*
2. Potential board members meet with at least three current board members and the Head of School to learn more about board service, roles and responsibilities of board members, and the organization.
3. Potential board members are considered in the Governance Committee based on board diversity, skills and experience. The Governance Committee may nominate any potential board members for consideration by the full board.
4. The full Board votes on nominations from the Governance Committee.

*Parents may indicate interest in board or committee service by filling out an online form on the New Orleans Charter Science and Mathematics High School website: <https://noscihigh.org>.
