

Dear Sci High Families,

I hope this message finds you safe and healthy. As promised, I will be communicating with you each Friday throughout this school closure to make sure you are receiving the most updated information as it becomes available. Also, we want to make sure that you and your students are doing everything necessary so that upon our return to school, we're on track to finish strong.

Updates for March 20, 2020:

- Progress reports are being mailed out to families today. If we have your most current mailing address on file, families should receive them by early next week.
- Re-registration paperwork will be mailed out to returning students. Please follow instructions regarding submitting the required documents.
- Academic guidance counselors will be contacting returning students to assist in creating course schedules for the 2020-21 school year.
- As of now, all annual testing (LEAP, EOCs, ACT) has been postponed. We will update you as we receive more information from the Louisiana Department of Education.
- Seniors will receive a separate email from Mrs. Little regarding senior activities.
- The Student Based Health Clinic is open from 8:30 - 4:30, but is **only able to do telemedicine (virtual) or phone consults**. They are still able to refill prescriptions electronically. Please call the Nurse Practitioner if you have questions, at (504) 613-5648. If there is an emergency, please call 911.
- NOLA Public Schools has coordinated 43 Community Feeding Distribution sites where families can pick up breakfast and lunch, Grab-n-Go style. Students do not need to be present. See **attached** list for feeding locations.

Lastly....students should:

- check-in with their homeroom teachers, if they have not done so already,
- check their school-issued email accounts regularly, preferably each morning, for announcements and assignments.
- complete and submit assignments to achieve the maximum benefit
- communicate with teachers if they have questions.

Again, our faculty and staff are committed to making sure our students continue making strides during this difficult time. Thank you for your patience, your understanding, and your cooperation. We will make it through this together!
